Dallmayr capsa – pleasure at the touch of a button

Dallmayr capsa stands for high-quality espresso and café crème from a capsule. Practically prepared at the touch of a button. Always fresh, cup after cup. Always the right amount of coffee. Just like an Italian barista would make it, with a fine hazelnut brown crema. Simply perfect.

- Adjustable nozzle, ideal for different sized cups
- Hot water and steam jet for foaming milk
- Automatic rinse, clean and descaling programme
- 3 programmable selection buttons to set the desired volume
- Removable capsule holder for approx. 25 capsules
- Integrated drip tray

Fits perfectly always and everywhere

- **Fast brewing – clean and tidy with no coffee grounds**
- **Easy cleaning and maintenance**
- **Quality without compromise from the house of Dallmayr**
